From Josiah Turner, who is spending a few days in town, we learn that range in the back country is very fine. Grass is good and plentiful, and cattle in splendid condition. Mr. Turner last week sold to Jim Reed, of Goliad county, two cars steers and two cars cows.

The Post Gymnasium.

The Post gymnasium is nearly completed. It will be one of the finest buildings of its kind in the state when finished. All of the apparatus has been installed, and when the floor has been waxed and polished the gymnasium room will be complete. There are two floors to the building; basement, consisting of the following: billiard, lunch, kitchen, store, pantry, toilet and boiler rooms. The upper floor contains post exchange post, exchange office, two store rooms lecture and reading rooms, toilet room and lavatory, library and the entire rear room is given to the gymnasium room.

The following apparatuses are up and ready for use: Striking bag, chest weight, rowing weight, back and loin chest weight, wrestling machine, traveling parallel, quarter circle, neck machine, wrist roll, leg pulley, horizontal bar and mat, flying rings, jump stand and mat, vaulting bar and mat, horse and mat, jump board, parallel bars and mat, two climbing ropes, two climbing poles, two basket ball goals, and a great number of dumb bells, swing clubs, heavy weights, wands, and four sets of boxing gloves. It is nearly certain the gym will be open by the middle of February.

All the wood work is in hardwood finish, the door and window fastenings being of brass. The plumbing work is nickel-plated throughout the building. The floors will all be waxed and polished so that one might think he was looking into a mirror. The apparatus is all of the latest improved models, and can be adjusted with very little trouble to suit any one. A gallery has been put up in one end of the gymnasium for visitors, which will more than likely always be crowded.

The special car of President Jeff N. Miller, of the Gulf Coast Line, came in last night, attached to the regular train. The car brought down Mrs. Jeff N. Miller, Mrs. G. D. Huestis, wife of conductor and train master, G. D. Huestis, and Mr. and Mrs. David Woods, of Troy, Ohio, who are special friends of Mr. and Mrs. Miller, and visit them each winter. The party was taken in charge by Mrs. M. B. Woodhouse today, and escorted to Matamoros where they enjoyed the many novel and interesting features of our sister city. Tonight they will be entertained at whist at the pleasant home of Mrs. Woodhouse. The party will leave in the morning for Corpus Christi.

Dropped Dead.

Yesterday afternoon about 5:30 o'clock, José Dianda, a well-known Mexican here, dropped dead in the old Putegnat drugstore building, where he was engaged in scrubbing the floor. Physicians were immediately summoned and pronounced the man's death due to heart failure. He has been employed for a number of years, as porter in various stores in the vicinity of the Putegnat corner, and was known as an honest man, enjoying the confidence of all. He was for many years employed at the Rio Grande railroad offices as porter, and always seemed anxious for work. He was about 55 years old.

The different shows at the carnival company, are well patronized; one attracting the most awe-inspiring attention being the wild man in the den of snakes, both rattlers and other varieties, which hang and fasten their fangs in his arms without any apparent inconvenience to him. Then comes the old time minstrel performance, which attracts good crowds. The moving picture shows are well worth seeing. Also the glass blowers, and the fat man, only twenty-four years old and weighs 712 pounds. He measures 84 inches around the waist, and presents altogether a huge appearance. J. B. Anderson, the business manager, informs a HERALD man that he wants to buy all kinds of wild animals, and will add a zoo to his other attractions.

The Ladies' Card Club meets at 3 o'clock tomorrow afternoon with Mrs. H. G. Leckie.
